1. Apologies for Absence and Welcome

Apologies as listed above.

2. Minutes of the Last Meeting

These were taken as agreed.

3. Board Update

Very little new to report other than the majority of TUCO staff are either on full or part-time furlough.

4. Procurement Update (Kim)

Most contract review meetings are on hold for the time being however the sandwich and DIPCHEM review meetings are going ahead in November/December. Due to numerous contract extensions in 2020 there will be a high number of tenders being carried out in 2021. Tender activity for 2021 will include (but not limited to) Fresh Meat and Poultry (expiry date December 2021), Sandwiches, Innovative Foods and EPOS systems (which will include the new App).

As the Kitchen Equipment Maintenance and Temporary Structures were both carried out under the DPS system, further companies have been added, including Deeko on Temporary Structures.

Brexit Impact Tool

This has been done in conjunction with the other purchasing consortia. It has been updated and is now live on the website.

<https://www.tuco.ac.uk/insight/news-opinion/brexit-briefing-update-november-2020>

Nick asked if any members had any issues with suppliers. No issues raised by the group. Nick mentioned that in order to clear space for a large order in the warehouse, The Real Wrap had been in touch with him as they had a surplus of isolation boxes and were offering out to members at a reduced/competitive price. As the boxes contain ambient products, the shelf life was very good. Nick added, that for Portsmouth, any boxes sent out after 21st December will have a Christmas theme. In relation to Christmas, those students leaving Portsmouth must undergo mass testing before they are allowed home.

5. Academy Update

A survey had been sent out the previous week to members which will enable TUCO to carry out a benchmarking exercise. Wednesday 2nd December will see another panel review led by Phil Rees-Jones regarding plans for hospitality going forward. On Thursday 26th November there will be a Level IV Food Safety Refresher which is free of charge. Mental Health First Aid will be run again in January at a cost of £200. Level III and IV Food Safety will be run again in December and January. The Masters degree will not be run in 2021 but will be back again the following year.

6. Sustainability News

Nick reminded members that the next Sustainability Group meeting would take place on Thursday 26th November and would include a presentation by WRAP.

7. Round The Table – Member Updates

Portsmouth

Nick reported that none of his staff have been furloughed. The coffee shops are open but only taking around £30 per day. They currently have 23 students who have tested positive. They will be providing a Christmas lunch for all students on campus Christmas Day and food boxes will be sent out after Monday 21st December. The library will be open all over the Christmas period so Nick will be on standby to man it. Mass testing will start this coming Friday (27th November). If the student tests negative then they will be allowed to go home but if not then they are obliged to self-isolate for 2 weeks.

UWE

Kristian advised that at the moment they are operating at a quarter of their normal income. They are doing Test and Trace in their car parks. The quarantine boxes sent out to isolating students are proving very popular and these are free of charge. Most units will close down after 4th December and staff will be placed on furlough until the beginning of February. They are awaiting further government announcements before students will be allowed back on campus. So far, jobs there are looking safe. Average spend is up in outlets such as Subway.

The contracted-out outlets are costing them money to stay open but they gave up as the footfall was so low, however the university catering is much more flexible.

Bristol

42 students are back in isolation but they are due to come out at the end of this week. They have a stock of food boxes ready to give out. A lot of the students have gone home already so only 3 cafes are open at the moment. Staff have been utilized to do deliveries across campus. Real Wrap and Bidfood are quoting for Christmas hampers.

Some students will be staying on campus for the Christmas period. Plans are already being made for the students' return in January but at the moment they are doing blended learning.

Bath

Any person who tests negative for Covid is allowed to go home, so long as they are not symptomatic. The number of people in isolation has dropped quite dramatically. They have sent out a survey to their students to establish how many were going home. 150 stated that they were staying on campus but the actual number may be higher. Students who reside in town will be brought up to the campus for Christmas. Christmas Dinner will be on Sunday 29th November and they currently have nine outlets open. They have a testing centre in town with mostly students using this. Most of the staff on the catering team are now partially furloughed. All January examinations will be done online.

Southampton

Business is at 6-7% of normal. Some voluntary severances on nine members of staff so there are now 75 left. They have no conference business whatsoever and everything is very quiet in general. Jason is expecting approximately 800-900 people staying on campus over Christmas.

Nick mentioned that Portsmouth will hold 2 lots of graduations next year each for 25,000 students which will account for 2020 and 2021 but Jason stated that there will be no graduations at Southampton in 2021.

Nick mentioned that he had been talking to a group called 'Too Good To Go' on the food waste front. Bristol are using them and Ryan added that he is also trying to contact them. Lisa commented that at Bath there are certain times of day where students can turn up with a re-usable pot and get discounted food. At Portsmouth any unsold sandwiches are taken at the end of the day to the library to be sold off cheaply.

Plymouth

They have shut 4 units on the run up to Christmas. The sandwich deli shop is doing well as they currently have a lot of contractors on campus. Their Drakes restaurant will stay open right up until Christmas. They have offered an ordering service for things such as meat, bread etc. They only have 27% of students on site but this will decrease to 15% after lockdown.

8. Any Other Business

As there was no further business, the meeting was duly closed and there was then a wine and food matching educational session with LWC, including a sampling.

9. Proposed Dates for Next Meetings

- First meeting of 2021 to be held around the beginning of February – exact date to be confirmed.

About TUCO's framework agreements

We currently use 3 types of procedure under Public Contracts Regulations 2015

- Restricted** The 2 stage, restricted procedure permits TUCO to "pre-qualify" suppliers based on their financial standing and technical or professional capability so as to narrow the number permitted to submit bids at the ITT stage (i.e. stage 2).
- Open** In an open procedure, anyone may submit a full tender as there is no "pre-qualification" of bidders.
- DPS** There are two stages to this procedure; similar to the more commonly used restricted procedure, stage one is the pre-qualification stage and stage two is the award stage. **TUCO have already carried out stage one in order to create a pre-qualified list of suppliers however approved users (i.e. Buyers / TUCO Members) MUST complete Stage 2.** Approved users (buyers, TUCO members) award individual local contracts through the DPS. The buyer (TUCO member) invites all potential suppliers on the DPS (authorised supplier list) or within a particular lot to participate in a further competition bid for a specific contract. Suppliers must have a minimum of 10 days to submit their tender. Suppliers are not obliged to bid. All stage 2 document templates have already been created and are available for members to download and tailor to their individual requirements before issuing to the DPS suppliers. A contract award notice must be placed within 30 days of award by the TUCO member.

FCS

TUCO's Further Competition Service

We recognise that some of our members do not have the resources or product knowledge to maximise the benefits of our agreements or to constantly benchmark pricing and service. That's where the TUCO FCS service can help.

TUCO run FCS across the TUCO agreements	Offered for free for members, analysing your procurement methods remotely and helping you get the best deal using the TUCO frameworks. Think of it like an audit of your procurement.
Offering more value for members	After speaking to some of our members about their buying practices, we know that we can provide one-on-one support to really drive down prices further.
The benefits	The contracting team will help you to drive greater efficiencies and savings that are specific to your institution. The day to day procurement will remain with you but TUCO will offer the added value part: we'll carry out a review of their procurement, your buying habits, and with the permission of that member we will conduct a further competition across our agreements and refine the terms and conditions under which they're buying. Single-source or dual-source products and really leverage your position and maximise. A benefit of this is the consolidation of products into the core list so that you are benefitting fully from TUCO's net prices, which are proven to be industry leading.
