TUCO South Eastern Regional Meeting

Thursday 9th September 2021 at 02:00 pm via MS Teams

MINUTES

Attendees:	Manish Shah [Chair]	King's College London
	Jacqui Beazley	LSE
	Graeme Collie	South Essex
	Judith Hoyle	TUCO
	Hayley Lowes	Kent
	Sarah McLoughlin	TUCO Academy
	Nicola Mellor	TUCO
	Paul Stigter	BD Group
	Matt Tebbit	Reading
	Darren Tyers	Essex
Apologies:	Alison Armitage	Harlow College
	Rob Grimer	Kent
	Kamil Khoury	Imperial
	Sam McTrustery	Bedford
	Jemma Morris	Royal Holloway
	Phil Rees-Jones	Cardiff (TUCO Chair)
	Matthew White	Reading
	Wendy Wenborn	Anglia Ruskin

1. Welcome and Apologies

Apologies are as above. Manish welcomed new member Paul from the BD Group.

2. Presentation by Phil Kaye and Tony Price of Dr Oetker/Chicago Town

A copy of this presentation is included with the Minutes.

3. Member Updates

LSE

Jacqui is now back at work full time with most of the outlets either open or about to open. All students have been told that they must enrol in person even though some of the teaching will be done online. Some of the Chinese students have been having problems with visas but regardless of that they have been told that they must attend in person. All of the One Way systems have been taken away and tables are back to full capacity. Some of the salad bars have been taken away and self-service has been replaced by staff serving the students. Events are back on the programme.

Sustainability issues and plant-based vegan offerings are high on the agenda. They are committed to 60% plant based until next year and they also have their vegan café. Meat will still be served but much less of it and all counters will display their vegetarian or vegan items first. Red meat is only served two days per week and this is mostly chicken or pork. They are adopting a 'Nudging' rather than a 'No Meat' approach. They have an offer whereby if you purchase nine vegetarian or vegan dishes you get the tenth one free. Welcome Week will last for three weeks rather than just one. Lectures normally held in the largest lecture theatres will be done online but those held in the smaller theatres will be carried out in person.

South Essex

Graeme reported that they are back to normal at the college as far as students are concerned. Teaching spaces have been closed and more staff are working from home. They have been experiencing problems with their sandwich suppliers. There has been some opposition to vegan offerings and chicken nuggets are a big seller but they are also offering vegan nuggets. They also have competition from the high street, which is nearby. It has proved very challenging to try to change student eating habits. Some members of his team have moved on during COVID.

Reading

They are adapting to Menus of Change and the 24 principles of it with 'Plant Forward' rather than 'Plant-Based'. They have been having some problems with ProcureWizard. Referring to the earlier presentation, Matt stated that they do not have Chicago Town pizzas on site.

BD Group

Paul asked Jacqui about the LSE Loyalty Scheme. They are also looking at the packaging of their items and are focusing on good quality food which children are going to benefit from.

King's College

Manish reported that all safety measures have now been removed. All staff are back at work and all outlets are open as from Monday 13th September. There is a major project taking place by the Council to turn The Strand into a pedestrianized zone. The Catering Team are back at work 5 days a week but other staff are still hybrid working. There is a requirement to be in work for a minimum of one day per week for people such as IT staff. They are working on the carbon footprint of their menus, aiming to have 70% of food options to be plant-based and are looking to be completely carbon-neutral by 2025. They are also aiming to have 80% of their food made in-house. Manish is looking to recruit a new Executive Chef and stated that the quality of candidates has been very good.

4. Procurement Update

The sandwich manufacturers are having issues as there are problems with production at their bread supplier, Roberts Bakery. This is having an impact, particularly with Real Wrap. Kim will be advising on any secondary suppliers. One of our members has had no deliveries at all from Real Wrap. Contingency supplies are not enough to cover all the orders. More issues are anticipated and this may affect chilled supplies such as salads etc. The Sandwich framework has been extended to 30th June 2022 and Kim is currently working on the strategy documents for this. Volunteers are needed to sit on the Tender Working Party for Sandwiches.

The agreement for the Delivery App is to be in place by the end of August for members to start using soon. Temporary Staffing – the final award was made last week with new suppliers on there.

Food Waste Management is extended until the end of October and is out to tender at the moment with 9 Lots on there.

On Soft Drinks, the new Account Manager for Coca Cola is Steve Bradley and his contact details are on the TUCO website.

Catering Light Equipment will run into 2022 and work will start on this soon.

Alcohol now runs until January 2023.

Milk and Bread has been extended until 24th January 2022 and Hannah is working on the documents.

The EPOS System framework has been awarded under a DPS and has four suppliers on there. A re-submission from The Access Group is being evaluated at the moment.

The Vending agreement is also a DPS and there are two new suppliers on there – Ideal Vending and Fair-Trade Vending.

Kitchen Equipment Maintenance has had two new suppliers added to it.

On the Catering Innovation and Concept Solutions (CICS) the Starbucks Legal Team are reviewing the documents and Hannah is also working with COSTA on this.

Meat and Poultry is being re-tendered and is at SQ stage at the moment.

On Temporary Structures, Nicola reminded members that bookings for things such as marquees are set to double next year. All price changes are in the Pricing Newsletter.

DipChem, Meat and Poultry and Vegan and Vegetarian have all seen price increases.

On the Grocery Frozen and Chilled there is likely to be some hefty increases in January.

Hot Beverage there will be price increases on the beans but we will look at this again in December.

Brakes have re-listed some Linda McCartney products.

Simply Lunch have changed from Day 1 to Day 3 deliveries.

The New Product Development section of the website where members can request samples then give feedback has been very well received.

5. TUCO Academy Update

The Academy is starting to hold face to face courses (onsite at universities for teams but not at TUCO HQ) and recent venues have included Staffordshire, RNCM and St Mary's Twickenham. Webinars online for full day courses will still be available – check the website for upcoming courses but we can add ones you need if you prefer not to have face to face just yet. We will visit onsite and send you a risk assessment for COVID ahead of the session.

The following courses are available:

- Level 4 refresher course
- Level 2&3 Allergens
- Level 2 & 3 Food Safety
- Level 2 & 3 HACCP
- Level 2 Customer Services
- Change Management
- Level 2 Healthy Foods and Special Diets (Nutrition)
- Leadership

- Level 1 award in awareness of first aid for mental health (RQF)
- level 2 award in first aid for mental health (RQF)
- level 2 award in first aid for youth mental health (RQF)
- Level 3 award in supervising first aid for mental health (RQF)

We're also working on:

- Menu Engineering
- Mastering your motivation
- Presentation Skills
- Mentoring
- Worklife after furlough (supporting managers)
- Customer Service (tailored to individual requirements from institutions)

We have a Calorie Labelling webinar in the works, 3 Food Trends and a Youth Nutrition one coming up (FOC). Veganuready (Innovation Day 2) will take place on the 11th of November – another full day of plant-based showcases from suppliers with some guidance on menus and recipes.

Two new plant based mini study tours with Veg Express are in the pipeline at the end of the year, one in Newcastle and one in London. We'll be looking for one plant-based champion from each institution and there are several places available, price point will be @£99 with an overnight stay.

A face-to-face Winter Conference is being organised. Early December is the likely timing (exact date TBC) and the theme will be food trends, we will launch the new Food People 'Food Trends' booklet. Hoping to have an opportunity for a mini exhibition from suppliers.

6. Board Update

Manish explained that there is very little to report on this as the Board have not met for several months. Their next Meeting is due to take place on Thursday 16th September.

7. Sustainability

Matt explained that the Sustainability Group had met earlier this week. Chair of the Group David Nuttall would be standing down and Matt volunteered to take over the role. They had been talking about different certifications and the Menus of Change had been the most inclusive so we are now reaching out to the Culinary Institute of America to work with them on this along with the Menus of Change Universities Collaborative Research. It covers both planetary health and human health. Matt believes that it is important never to lead with a healthy theme – always lead with a taste theme. We are also now working on a carbon labelling scheme.

8. Any Other Business

Nicola advised the group that TUCO Contracting Executive Carys Hopcyn, who had assisted many members with their mini-competitions, has now left TUCO and that we will be recruiting a replacement.

9. Date of Next Meeting

The next meeting will be sometime in early December.

About TUCO's framework agreements

We currently use 3 types of procedure under Public Contracts Regulations 2015

- Restricted** The 2 stage, restricted procedure permits TUCO to "pre-qualify" suppliers based on their financial standing and technical or professional capability so as to narrow the number permitted to submit bids at the ITT stage (i.e. stage 2).
- Open** In an open procedure, anyone may submit a full tender as there is no "pre-qualification" of bidders.
- DPS** There are two stages to this procedure; similar to the more commonly used restricted procedure, stage one is the pre-qualification stage and stage two is the award stage. **TUCO have already carried out stage one in order to create a pre-qualified list of suppliers however approved users (i.e. Buyers / TUCO Members) MUST complete Stage 2.** Approved users (buyers, TUCO members) award individual local contracts through the DPS. The buyer (TUCO member) invites all potential suppliers on the DPS (authorised supplier list) or within a particular lot to participate in a further competition bid for a specific contract. Suppliers must have a minimum of 10 days to submit their tender. Suppliers are not obliged to bid. All stage 2 document templates have already been created and are available for members to download and tailor to their individual requirements before issuing to the DPS suppliers. A contract award notice must be placed within 30 days of award by the TUCO member.

FCS

TUCO's Further Competition Service

We recognise that some of our members do not have the resources or product knowledge to maximise the benefits of our agreements or to constantly benchmark pricing and service. That's where the TUCO FCS service can help.

TUCO run FCS across the TUCO agreements	Offered for free for members, analysing your procurement methods remotely and helping you get the best deal using the TUCO frameworks. Think of it like an audit of your procurement.
Offering more value for members	After speaking to some of our members about their buying practices, we know that we can provide one-on-one support to really drive down prices further.
The benefits	The contracting team will help you to drive greater efficiencies and savings that are specific to your institution. The day to day procurement will remain with you but TUCO will offer the added value part: we'll carry out a review of their procurement, your buying habits, and with the permission of that member we will conduct a further competition across our agreements and refine the terms and conditions under which they're buying. Single-source or dual-source products and really leverage your position and maximise. A benefit of this is the consolidation of products into the core list so that you are benefitting fully from TUCO's net prices, which are proven to be industry leading.

Alcohol
