1. Apologies for Absence

Apologies were as above. Peter welcomed Jane Eve who will be taking over from Hannah Myton-Wright as Category Manager for the North-East.

2. Presentation by Coca Cola Enterprises and Monster Energy

The presentation is attached to these Minutes. Any enquiries please contact Steve Bradley at: sbradley@ccep.com

3. Calorie Labelling

Mark had requested this be added to the Agenda as there was uncertainty as to whether in-house catering is exempt. All calorific information with reference to the size of the portion must be displayed and Hull are currently working on this. Peter asked if members feel that they are in the exemption category. Also, can just one building on campus be exempt or is it the whole university? He also asked if anyone is using buying systems such as ProcureWizard, or their stock systems, as a source of data. Joanne's understanding is that it is not applicable to Leeds and enquired whether anyone else felt that it is not applicable to them. Richard added that Derby is now an FE campus so has less footfall. Peter recommended that he take advice on the new regulations.

Most members felt that it is proving impossible to have this implemented by April but Sheffield will have theirs done in time for the September intake and as this is more guidance than potentially danger (as with Allergen labelling) this is acceptable. Sarah commented that when Huddersfield add calorie content to the menu it has to be really marketable. Their menus are becoming cluttered with information.

4. TUCO Framework Update

Jane announced that we have two new additions to the Category Team – Natalie Phillips and Li Davies who have replaced Kim Ashley and Carys Hopcyn. Li will be responsible for Sandwiches and Kitchen Equipment Maintenance and Natalie will be looking after Meat and Poultry, DipChem and Light and Heavy Catering Equipment.

The TUCO Delivery App contract was placed in December and we have appointed OrderPay. There was an article in the January magazine on this. Loughborough will be the first institution to roll this out and it is hoped that we can invite OrderPay in to regional meetings to present to us on this.

The new Temporary Staffing framework commenced on 1st October 2021.

Fruit & Veg – Jane is working on the Strategy Documents with a view to having an agreement in place by 1st August. There will be 13 geographical lots on this.

Food Waste Management – this framework was renewed on 1st November 2021. It is a DPS agreement so new suppliers may be added at any time.

Sandwiches – tender documents and currently being prepared.

Soft Drinks has been extended for the final year of its duration until September 2022. Mandy has started the tender process for this. Contract Review meetings were held back in October.

Catering Light and Heavy Equipment – Contract Review meetings were held in November 2021. There are lots of supply chain issues affecting price and availability.

EPOS – two new suppliers, UniWare and Zonal have been added.

Catering Innovation and Concept Solutions (CICS) – new providers are currently being evaluated. The SQ will be opened again and close on 18th February.

Temporary Structures – nothing to report on this.

Milk and Bread – has just been evaluated.

Meat and Poultry – commenced on 1st January.

Design and Installation for the Customer Experience and Fresh Seafood are both currently at the Research and Strategy stage

Price Increases

Soft Drinks saw price increases in October 2021. New increases have been introduced on the DipChem framework. Grocery, Frozen and Chilled brought in new prices from 1st January:

Bidfood	2%
Blakemore	4%
Brakes	3.2%
Harlech	4%
Nuttalls	3%

Hot Beverage – there has been significant increases – Bewleys have increases of 18% on coffee and 9% on syrups and ancillaries. Tchibo have put theirs up 21% on coffee and 10% on syrups and ancillaries.

On the Fresh Fish and Seafood Stickleback Company have introduced their first price increase.

All supplier updates are on the website.

The TUCO Intelligence Report came out in early December and reported that the hike in the price of raw materials was seriously affecting the Light and Heavy Equipment framework. Churchill prices have risen considerably.

5. TUCO Academy Update

We had reached 800 qualifications gained by the end of December 2021. Sarah has delivered 7 or 8 courses over the last couple of weeks, the majority of which are compliance and have been held online. We are holding two Study Tours for Vegan and Vegetarian offerings – Newcastle on 15th and 16th March and London on 30th and 31st March with support from both LWC and Vegetarian Express. This is at a heavily subsidized cost to members of £99.

Regarding the new Calorie Labelling regulations coming into effect, Sarah has recommended the Brakes website for giving excellent information on calorific content.

Graduations for the first cohort of the Masters Degree took place on Saturday 15th January at LSBU. There are places available for the next cohort to commence in January 2023. We are establishing a working party for Menus of Change and one of the things they will be looking at is content to upload to the TUCO website.

The Winter Conference took place on 9th December at the University of Nottingham and we were only down around 8 – 10% on numbers from 2019. All the videos of the presentations are available to view on the TUCO website. Also, the Global Food Trends Report was launched there which is an excellent piece of research.

<https://www.tuco.ac.uk/insight/research/global-food-beverage-report-2021>

A benchmarking study will be going out to members over the next few days.

Sarah is currently speaking to Highfield about T-Levels which may be a good resource in terms of supplying labour.

Members were asked to complete the Labour Survey which had recently been circulated.

6. Sustainability

Matt Tebbit from Reading has taken over as Chair of the Sustainability Group as from January 2022 as David Nuttall had stepped down from this role. Cardiff are currently looking at CO₂ emissions and energy usage on kitchen equipment, although this may sit more with Estates Departments

7. TUCO Update

The main news is that a joint Conference and Competitions Event will be held at Keele University on 25th to 27th July inclusive.

8. Member Updates

Lincoln

Chris reported that it is very difficult to budget. However, business has been helped by a Full Board booking from the Chilean Air Force for six months. They are having problems getting the staff to do the shifts. They are also struggling to recruit Chefs and several outlets are still closed. The university is matching the Living Wage and have put some staff to the top of their grades. They sold all conferencing available a few weeks ago.

A new Vice-Chancellor will start in September 2022.

Sheffield Hallam

Business continues to be challenging. Footfall is at around 40% of what it was 3 years ago. They are still having hybrid teaching and most of the staff are working from home. Income is down by between £10K and £12K per week with food costs up by 5%. All 11 outlets are currently open. The new Meal Deal is proving very popular and has increased spending. John was happy to report that they have taken trade from the local branch of Tesco, who are trading at 19% compared to levels 3 years ago. Their brand, Hallam Café, which is a Grab n Go offering, is all based on local goods. They are also making all their own sandwiches. Hospitality and Conference catering is non-existent and forecast to only reach 20% until the end of the year.

Huddersfield

Hospitality bookings have increased over the past two weeks for April, May and June and Sarah is busy making sure that they can deliver these events. She is also trying to stabilize the Team as there have been big changes. Absences due to COVID have now dropped. They currently have 10 vacancies and have been using an agency. They are spending time on Fair Trade Fortnight and product sampling. Sarah is also trying to keep engaged with both the students and the Students' Union. They are a Living Wage Institution.

Huddersfield Procurement

Joanna is trying to manage the impact of the Supply Chain shortages as well as cost uncertainty.

Sheffield

Peter explained that they are a limited company within the university so are not tied by the pay bandings of the university. As a result they undertook a complete pay review and some wages went up by as much as 17%. Their income now equals their payroll. This is intended to support and motivate the staff. They are now looking at how to increase business. Joanna asked whether this has had an impact on their operational staff within the university.

9. Any Other Business

It was proposed that Blue Arrow should come in to present at the next meeting to address recruitment issues.

Peter asked if any member had a Till system or a Click-and-Collect system that they were very happy with? Jon is using a company called Counter Solutions at Sheffield Hallam but it is not going well. He has been speaking to The Access Group and is impressed with the functionality of their Till system.

10. Dates and Venues for Future Meetings

The summer meeting will hopefully be a face-to-face one and will be held in Sheffield. Date to be confirmed.

About TUCO's framework agreements

We currently use 3 types of procedure under Public Contracts Regulations 2015

- Restricted** The 2 stage, restricted procedure permits TUCO to "pre-qualify" suppliers based on their financial standing and technical or professional capability so as to narrow the number permitted to submit bids at the ITT stage (i.e. stage 2).
- Open** In an open procedure, anyone may submit a full tender as there is no "pre-qualification" of bidders.
- DPS** There are two stages to this procedure; similar to the more commonly used restricted procedure, stage one is the pre-qualification stage and stage two is the award stage. **TUCO have already carried out stage one in order to create a pre-qualified list of suppliers however approved users (i.e. Buyers / TUCO Members) MUST complete Stage 2.** Approved users (buyers, TUCO members) award individual local contracts through the DPS. The buyer (TUCO member) invites all potential suppliers on the DPS (authorised supplier list) or within a particular lot to participate in a further competition bid for a specific contract. Suppliers must have a minimum of 10 days to submit their tender. Suppliers are not obliged to bid. All stage 2 document templates have already been created and are available for members to download and tailor to their individual requirements before issuing to the DPS suppliers. A contract award notice must be placed within 30 days of award by the TUCO member.

FCS

TUCO's Further Competition Service

We recognise that some of our members do not have the resources or product knowledge to maximise the benefits of our agreements or to constantly benchmark pricing and service. That's where the TUCO FCS service can help.

TUCO run FCS across the TUCO agreements

Offered for free for members, analysing your procurement methods remotely and helping you get the best deal using the TUCO frameworks. Think of it like an audit of your procurement.

Offering more value for members

After speaking to some of our members about their buying practices, we know that we can provide one-on-one support to really drive down prices further.

The benefits

The contracting team will help you to drive greater efficiencies and savings that are specific to your institution. The day to day procurement will remain with you but TUCO will offer the added value part: we'll carry out a review of their procurement, your buying habits, and with the permission of that member we will conduct a further competition across our agreements and refine the terms and conditions under which they're buying. Single-source or dual-source products and really leverage your position and maximise. A benefit of this is the consolidation of products into the core list so that you are benefitting fully from TUCO's net prices, which are proven to be industry leading.

- Platinum Foods aka Nissi Foods name change to Nissi Foods
- The SQ will remain open going forward for any new and resubmissions and will no longer close every August, November, February and May as first advertised.
- Freshfayre have confirmed that they have entered into consultation with colleagues regarding a proposal to close all Freshfayre sites as result of the huge impact that Brexit and the covid-19 pandemic have had on the foodservice industry and the fact that the resulting pressure on the labour and supply chain markets is unlikely to ease in the foreseeable future. This is currently only a proposal and until the outcome is known, Freshfayre will continue to operate business as usual with no changes or disruption to your supply. Should the proposals progress, it would mean the closure of all Freshfayre sites and the direct delivery from Freshfayre and the application of a voluntary strike off. It is anticipated that the outcome of this consultation process will be known in June or early July.

- M&J review pricing on a monthly basis; Direct quarterly
 - CRMs for 2019 held on 22nd February
 - Paradise Seafood and Celtic Fish & Game have been removed from the framework as they have gained less than 10% of the business by lot following the second annual anniversary of commencement of the agreement.
 - Supply to Scotland (as of September 2020) Direct Seafood can supply to most of Scotland via Campbells Brothers in Bonnyrigg.
 - M&J have limited supply to Scottish members following the closure of one of their depots.
 - CRMs for 2021 held over MS Teams on 15th February
 - Additional extension applied to allow for the retender – suppliers advised on 29.09.21
 - Members will need to extend contracts to 14th August due to delay with tender getting underway.
 - M&J have confirmed that they have entered into consultation with colleagues regarding a proposal to close all M&J sites as result of the huge impact that Brexit and the covid-19 pandemic have had on the foodservice industry and the fact that the resulting pressure on the labour and supply chain markets is unlikely to ease in the foreseeable future. This is currently only a proposal and until the outcome is known, M&J will continue to operate business as usual with no changes or disruption to your supply. Should the proposals progress, it would mean the closure of all M&J sites and the direct delivery from M&J and the application of a voluntary strike off. It is anticipated that the outcome of this consultation process will be known in June or early July.
