4. TUCO Board Update (Amanda Pettingill)

Amanda reported that the Board had met the previous week and the main discussion was around the Strategy Document 2019 – 2024. COVID had got in the way of this so we have not had the opportunity to push forward on some of the KPIs that were there. Most of the KPIs are relevant for now but we will bring forward the review date of the Strategy from 2024 to 2023. We will start the Member Survey at Conference and will then do a TUCO Board and Staff Away Day to produce a new Strategy in 2023. We have also completed a Staff Satisfaction Survey around office vs home working. We are looking to find similar office premises so that we have a base as there is value in coming together. David Nuttall recently retired from the Board at the end of his tenure and has taken up a position on the CUBO Board, with the lead on Sustainability. Stuart commented that he has not seen any decrease in the level of service whilst the Team have been working from home.

Gagan gave further details on the new TUCO Delivery App with Order Pay. Most of the 'behind the scenes' stuff is ready and we are now looking at the cyber security side of things. When the security checks are complete, it should be ready in May. This can also be used in outlets. They are looking to put it into offices and meeting rooms etc. This would not be in place of hospitality ordering as that is very different.

On the subject of Conference and Competitions, we recently sent out a survey with one question on staff rates of pay and a further one on whether members can spare staff to be out of the business for a few days to enter competitions. Conference is still going ahead in July and sales of stands to suppliers are going well. The results of the survey on pay will be out during the last week of March.

Menus of Change Strategic Partnership – Reading are moving forward with this under Matt Tebbit. We have a study tour planned for June visiting the Menus of Change Conference in New York state. We have managed to get discount on the tickets which cost around \$1,000 so the total cost of the tour will be £995.

Natasha's Law – we are looking to work with the Foundation to get the important message across in terms of Allergen information.

As a member of the Audit Committee, Gavin reported that TUCO losses have been managed well. We are budgeting to return to 70% of pre-COVID income and most people seem to be budgeting around this figure. Hybrid working will be the norm going forward. The Auditors gave us a clean bill of health and stated that digital working is easier to audit. TUCO membership is changing in that, in our Top 10 list of high spenders, six of them are Local Authorities.

Gagan asked the group that if anyone has any downtime with ProcureWizard, please flag this up with TUCO and Nicola commented that this is happening more regularly.

Loughborough have been having issues accessing ProcureWizard and keep getting time-out errors or it is just continuously looping.

5. Procurement Update

We have two new Team members, Li Davies and Natalie Phillips to replace Carys and Kim. Li will manage Sandwiches and Kitchen Equipment Maintenance and Natalie will be responsible for Meat and Poultry, DipChem and Catering Light and Heavy Equipment. Tenders being worked on at the moment include:

- TUCO Delivery App went live on 2nd December and was awarded to OrderPay
- Temporary Staffing started 1st October
- Meat and Poultry went live 1st January
- Milk and Bread commenced 24th January

Frameworks being renewed:

- Fresh Fish and Seafood
- Fruit and Veg (slight delay with the use of STS)
- Design and Installation – out for SQ submissions
- Sandwiches returns due back in April and due to go live on 1st July
- Soft Drinks has been extended to 1st September

DPS Updates

EPOS has 3 new suppliers on there. Food Waste Management is now a DPS. CICS has new suppliers on there including Change Please and talks are ongoing with Pizza Plus and Caffee Nero. The next window for evaluation of returns will be 18th May. We are still looking at providing a route to market for the premium brands ie Pret, Costa etc and are looking to get a set of documents together. Costa are already on Lot 10.

A few more suppliers have been added onto the KEM. Contract review meetings have been carried out on Soft Drinks, Vending, Catering Light and Heavy and Alcohol. The minutes for these meetings are available on the website.

Price Changes

These changes are since we last met which include Cost of inflation; raw materials; shortfall in harvested crops; transport and shipping costs; duty; cost of living (National Insurance/minimum national wage). We are expecting an influx of additional changes due to fuel hikes (28p per litre increase over 9 days) and raw materials impacted by the War in Ukraine.

DIPCHEM – The annual price increase was due in December. Some suppliers have deferred prices such as Bunzl who are currently uploading a new agreed price list and Diversey.

Soft Drinks- Annual price increases received in October. Again, some suppliers deferred such as CCEP.

Convenience Retail- Bi-annual price increases received in January 2022. Expect to see significant increases.

Alcohol – most suppliers have submitted new pricing effective from March/April. Looking at 4-6.5% increases on basket of goods.

Wine shortages coupled with demand is going to see prices increase. Expect shortages of New Zealand Sauvignon Blanc, Pino Grigio, Burgundy & Chablis. Customers will need to be flexible going forward on the wine varieties they buy – especially with entry level wines. £2.23 duty protection on wine (currently under review) and will be devastating for the sector and won't reduce prices like the government are saying.

GFC - New price lists from all by 1st January 2022. Expect to see significant increases.

- Blakemore – 4% Cost to serve plus manufacturers increases
- Brakes – 3.2% Cost to serve plus manufacturers increases
- Harlech – Overall 4.6% across TUCO spend
- Philip Dennis – Overall 2% across TUCO spend
- Bidfood – 2% cost to serve plus manufacturers increases
- H N Nuttall – 3.1% overall

Hot Beverages – New pricing due from all 1st January 2022. Expect to see significant increases.

- Bewleys – Overall 18% against coffee & 9% on syrups/teas/ancillary/snacks (5% on syrups)
- Tchibo – Overall 21% against coffee & 10% on everything else.

Vegan and Vegetarian – None reported

Fresh Fish – All 3 suppliers have submitted new pricing for March.

Catering Light & Heavy – impacted by soaring raw material costs like Stainless Steel (39%) Aluminium (51%) Churchill products will be around 2.25 times higher than 2019/20 due to soaring energy costs, clay, labour, packaging. Mirrored by other manufacturers. Again due to fuel hikes, expect more increases on crockery!

Sandwiches and Associated Products – Sandwich King has put price of the egg related products up due to their egg price has gone by 50%. It was caused by shortage of eggs due to Avian Flu outbreak across the UK & Europe which has seen over 2 million laying birds culled.

Milk & Bread – Expect hikes on bread lines due to the price of wheat affected by War in Ukraine.

War in Ukraine – In terms of what action is being taken by TUCO in response to sanctions on Russia.

- Credit Safe have been approached by NEUPC. Details of all UKUPC Framework appointed suppliers have been provided. Credit Safe are running a report, free of charge, to identify the percentage of Russian involvement in the supply chain. Data should be available next week. At this stage it is not known what the report will look like and what information can be shared. NEUPC have asked for details of a charging mechanism in case the information is required in a different format.
- Will be contacting suppliers, for most impacted commodities - to comment on supply chain impacts coming from the Russian invasion of Ukraine

Amanda asked if members are passing the price increases on to customers. Nottingham are increasing their prices in April and will bring a further one in in August for the new academic year. Wolverhampton have had to put prices up on coffee but Leicester on the other hand are hoping to maintain prices and decrease the margin. Nicola Penn has had difficulty on the KEM framework with the number of suppliers on InTend and on the Milk and Dairy has had trouble getting suppliers to respond to the mini-competitions on this.

Amanda remarked that on the Estates side, they are finding that construction companies are moving away from doing tenders.

The TUCO Sustainability Group met on 10th March and we are looking into a swap shop for equipment. The MSC scheme is still operating. On the subject of carbon reduction vs offsetting, Hannah asked if any members have directives in place to offset ie reduce travel. Leicester are about to launch a salary sacrifice scheme for electric vehicles. Nottingham are looking at a travel policy. On NetPositive, 195 suppliers out of a possible 286 are now using this.

6. Academy Update

We are continuing with online webinar courses at the moment with support from our invigilators. Sarah will be starting to deliver some face-to-face compliance courses as well as Mental Health. Bespoke courses can be held for a minimum of 7 or 8 people or more and we can offer online or in person. Level 3 and 4 Refresher courses are coming up and charged at cost price of certification. 5-Day courses cost £99 inclusive of everything. Debra Adams will be running a couple of finance course – Finance for Non-Financial Managers and Cost Control for Food and Beverage Managers, which will be split over two days. Other courses include Project Management, Report Writing and Food Photography.

Study Tours have started up again last week with the Vegan and Vegetarian one in Newcastle. A further tour will be held in London at the end of March with 18 people booked onto it. Going forward we are looking at a couple of UK-based study tours and one European tour. We will continue with webinars, which can either be watched live or at a later date. We will also be holding a food waste one in conjunction with WRAP. There will be a plastics update with the change in legislation, a Tech Day and a session on ‘cultivated meats’.

The Menus of Change Steering Group have met twice to look at resources available for members interested in adopting the 24 principles.

There will be some online learning with the CIA and a couple of weeks on site in the USA. We will also be working with their Culinary Team to delivery a Culinary Training Programme. We will be setting up a Recipe Bank on the TUCO website. The Menus of Change Leadership Conference takes place from 14th to 16th June at Hudson Valley including a tour of the CIA. Delegates will arrive back in the UK on 18th June with their last night spent in New York to check out different food and beverage trends.

We will be producing a set of Sustainability Insights podcasts which showcases members initiatives. Members signed up so far include Winchester – package-free shop, beef removed from the menu completely; Chester – garden to table and beekeeping and Reading – local suppliers particularly breweries. These podcasts will be limited to members and will not include suppliers.

7. Forum Activity

Main topics on there at the moment are EPOS Systems and Savoury Platter providers (this should help with staffing problems). Several members have had issues with sandwich suppliers, particularly Real Wrap. This will be addressed under a separate meeting with members.

8. Member Updates

Warwick will be the location for the Athletes' Village in the Commonwealth Games and Clive gave a detailed presentation on the arrangements for this, taking place in July. A copy of his presentation is included with these Minutes.

Whilst the Commonwealth Games is a big event on its own, the wheels at Warwick keep moving generally. Retail development main event is the opening of Warwick Arts Centre last year and then this month the opening of Benugo. Next month sees a new Caffé Nero, with further concessions coming later this year.

Catch up graduation and normal graduation – catch up is slightly different, being held in a large translucent style marquee and then food, drink, entertainment/fairground rides all on an area called Windmill Hill.

They have signed up with Kafoodle (Recipe database system) which will support all things - allergens, nutrition etc and they are looking at Carbon Management now.

There had been verbal discussion and on the TUCO Forum on looking at working with suppliers to develop their Platter offer. They are also looking for a prepped poached egg supplier, a good frozen yoghurt (not the Brakes non-branded one) and a fresh pasta supplier.

9. Any Other Business

As there was no further business, the meeting was duly closed.

10. Date of Next Meeting

As this meeting included a networking event, the summer meeting will be a virtual one via Teams. Date to be confirmed (June/early July).

About TUCO's framework agreements

We currently use 3 types of procedure under Public Contracts Regulations 2015

- Restricted** The 2 stage, restricted procedure permits TUCO to "pre-qualify" suppliers based on their financial standing and technical or professional capability so as to narrow the number permitted to submit bids at the ITT stage (i.e. stage 2).
- Open** In an open procedure, anyone may submit a full tender as there is no "pre-qualification" of bidders.
- DPS** There are two stages to this procedure; similar to the more commonly used restricted procedure, stage one is the pre-qualification stage and stage two is the award stage. **TUCO have already carried out stage one in order to create a pre-qualified list of suppliers however approved users (i.e. Buyers / TUCO Members) MUST complete Stage 2.** Approved users (buyers, TUCO members) award individual local contracts through the DPS. The buyer (TUCO member) invites all potential suppliers on the DPS (authorised supplier list) or within a particular lot to participate in a further competition bid for a specific contract. Suppliers must have a minimum of 10 days to submit their tender. Suppliers are not obliged to bid. All stage 2 document templates have already been created and are available for members to download and tailor to their individual requirements before issuing to the DPS suppliers. A contract award notice must be placed within 30 days of award by the TUCO member.

FCS

TUCO's Further Competition Service

We recognise that some of our members do not have the resources or product knowledge to maximise the benefits of our agreements or to constantly benchmark pricing and service. That's where the TUCO FCS service can help.

TUCO run FCS across the TUCO agreements

Offered for free for members, analysing your procurement methods remotely and helping you get the best deal using the TUCO frameworks. Think of it like an audit of your procurement.

Offering more value for members

After speaking to some of our members about their buying practices, we know that we can provide one-on-one support to really drive down prices further.

The benefits

The contracting team will help you to drive greater efficiencies and savings that are specific to your institution. The day to day procurement will remain with you but TUCO will offer the added value part: we'll carry out a review of their procurement, your buying habits, and with the permission of that member we will conduct a further competition across our agreements and refine the terms and conditions under which they're buying. Single-source or dual-source products and really leverage your position and maximise. A benefit of this is the consolidation of products into the core list so that you are benefitting fully from TUCO's net prices, which are proven to be industry leading.
